NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in the following proxy statement for the Extraordinary General Meeting of Shareholders are “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and are subject to the safe harbor created by those sections. Forward-looking statements are based on our current expectations of future events, and are generally identified by words such as “may,” “will,” “should,” “could,” “would,” “expects,” “plans,” “anticipates,” “believes,” “estimates,” “projects,” “predicts,” “potential” and similar expressions or future dates. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected or implied. The most significant factors known to us that could materially adversely affect our business, operations, industry, financial position or future financial performance are described in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission, or SEC, on March 15, 2017, in “*Part I, Item 1A, Risk Factors*” and 10-Q filed with the SEC on August 8, 2017. You should not place undue reliance on any forward-looking statement, which speaks only as of the date made, and should recognize that forward-looking statements are predictions of future results, which may not occur as anticipated. Actual results could differ materially from those anticipated in the forward-looking statements and from historical results, due to the risks and uncertainties described in our annual and quarterly reports as well as others that we may consider immaterial or do not anticipate at this time. The risks and uncertainties described in our annual and quarterly reports are not exclusive and further information concerning our company and our businesses, including factors that potentially could materially affect our operating results or financial condition, may emerge from time to time. We undertake no obligation to update forward-looking statements to reflect actual results or changes in factors or assumptions affecting such forward-looking statements. We advise you, however, to consult any further disclosures we make on related subjects in our future Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K that we file with or furnish to the SEC.

PROXY STATEMENT FOR THE EXTRAORDINARY GENERAL MEETING OF SHAREHOLDERS

To Be Held on September 14, 2017, at 9:30 a.m., Central European Summer Time

This proxy statement (the “Proxy Statement”), which includes the explanatory notes to the agenda for the Extraordinary General Meeting of Shareholders (the “Extraordinary Meeting”), and the accompanying proxy card (the “Proxy Card”), are being furnished with respect to the solicitation of proxies by the Board of Directors (the “Board”) of uniQure N.V., a public company with limited liability (*naamloze vennootschap*) under the laws of the Netherlands (the “Company,” “uniQure” or “we”), for the Extraordinary Meeting. The Extraordinary Meeting will be held September 14, 2017, at 9:30 a.m. CEST, and at any adjournment thereof, at the Company’s principal executive offices, Paasheuvelweg 25a, 1105BP Amsterdam, the Netherlands.

The approximate date on which the Proxy Statement and Proxy Card are intended to be first sent or given to the Company’s shareholders (each a “Shareholder”, and collectively, the “Shareholders”) is August 18, 2017.

The purposes of the Extraordinary Meeting are to discuss and vote on the following:

- I. Opening and announcements;
- II. Appointment of Jeremy P. Springhorn, Ph.D. as a non-executive director (voting proposal no. 1);
- III. Appointment of Madhavan Balachandran as a non-executive director (voting proposal no. 2);
- IV. Any other business that may properly come before the meeting or any adjournment of the meeting; and
- V. Closing of the meeting.

Who May Vote

Shareholders of record of our ordinary shares (the “Ordinary Shares”) as of the close of business on August 17, 2017 (the “Record Date”) are entitled to receive notice and to vote at the Extraordinary Meeting and any adjournment thereof. On August 11, 2017, we had issued and outstanding 25,629,099 Ordinary Shares. We have no other securities entitled to vote at the Extraordinary Meeting. Each Ordinary Share is entitled to one vote on each matter. There is no cumulative voting.

A list of Shareholders entitled to vote at the Extraordinary Meeting will be available at the Extraordinary Meeting and will also be available for ten (10) days prior to the Extraordinary Meeting, during regular office hours, at the principal executive offices of the Company, located at Paasheuvelweg 25a, 1105BP Amsterdam, the Netherlands, by contacting investor relations.

Each matter proposed by the Board shall be adopted by a simple majority of the votes cast at the Extraordinary Meeting. Under our Articles of Association and the Nasdaq rules, the presence at the Extraordinary Meeting of 33 1/3% of the outstanding Ordinary Shares, represented in person or by proxy, is required for a quorum. “Abstentions and “broker non-votes,” if any, will be counted as present and entitled to vote for purposes of determining whether a quorum is present for the transaction of business at the meeting.

“Broker non-votes” are shares represented at the Extraordinary Meeting held by brokers, bankers or other nominees (i.e., in “street name”) and are not voted on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Generally, brokerage firms may not vote to elect directors, because those proposals are considered “non-discretionary” items. Accordingly, if you do not instruct your broker how to vote your shares on “non-discretionary” matters, your broker will not be permitted to vote your shares on these matters. This is a “broker non- vote.”

Methods of Voting

If you are a record holder of Ordinary Shares on August 17, 2017, you may vote as follows:

- **By Internet.** Access the website of the Company's tabulator, Computershare, at: <http://www.investorvote.com/QUIRE>, using the voter control number printed on the furnished proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your Internet vote cannot be completed and you will receive an error message. If you vote on the Internet, you also may request electronic delivery of future proxy materials.
- **By Telephone.** Call 1-800-652-8683 toll-free from the U.S., U.S. territories and Canada and follow the instructions on the enclosed proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your telephone vote cannot be completed. You must have the control number that is included on the proxy card when voting.
- **By Mail.** Complete and mail a proxy card in the enclosed postage prepaid envelope to the address provided. Your proxy will be voted in accordance with your instructions. If you are mailed or otherwise receive or obtain a proxy card, and you choose to vote by telephone or by Internet, you do not have to return your proxy card.
- **In Person at the Meeting.** If you attend the Extraordinary Meeting, be sure to bring a form of personal picture identification with you. You may deliver your completed proxy card in person, or you may vote by completing a ballot, which will be available at the meeting. Directions to the Annual Meeting are available by contacting Investor Relations at, uniQure N.V., Paasheuvelweg 25a, 1105BP Amsterdam, the Netherlands, telephone number +1-339-970-7000, email investors@uniQure.com.

- **By Internet or By Telephone.** You will receive instructions from your broker or other nominee if you are permitted to vote by internet or telephone.
- **By Mail.** You will receive instructions from your broker or other nominee explaining how to vote your shares.
- **In Person at the Meeting.** If you attend the meeting, in addition to picture identification, you should bring an account statement or a letter from the record holder indicating that you owned the shares as of the record date, *and* contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting.

Board's Recommendations

The Board recommends a vote:

- Voting Proposal No. 1: **"FOR"** election of Jeremy P. Springhorn, Ph.D. to the Board.
- Voting Proposal No. 2: **"FOR"** election of Madhavan Balachandran to the Board.

Voting by Proxy

The Ordinary Shares represented by any proxy duly given will be voted at the Extraordinary Meeting in accordance with the instructions of the Shareholder. You may vote **"FOR"** or **"AGAINST"** or **"ABSTAIN"** from each of the proposals. If no specific instructions are given, the shares will be voted **"FOR"** the voting proposals described in this Proxy Statement. In addition, if any other matters come before the Extraordinary Meeting, the persons named in the accompanying Proxy Card will vote in accordance with their best judgment with respect to such matters.

Revoking Your Proxy

Even if you execute a proxy, you retain the right to revoke it and to change your vote by notifying us at any time before your proxy is voted. Such revocation may be effected in writing by execution of a subsequently dated proxy, or by a written notice of revocation, sent to the attention of Investor Relations at the address of our principal executive office set forth above, or by your attendance and voting in person at the Extraordinary Meeting or any adjournment thereof. Unless so revoked, the shares represented by a proxy, if received in time, will be voted in accordance with the directions given therein.

If the Extraordinary Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Extraordinary Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Extraordinary Meeting (except for any proxies that have at that time effectively been revoked or withdrawn).

You are requested, regardless of the number of shares you own or your intention to attend the Extraordinary Meeting, to vote as soon as possible by proxy. You do not need to affix postage to the enclosed reply envelope if you mail it within the United States.

Additionally, the employees of the Company, who will receive no extra compensation therefor, may solicit proxies personally, by telephone, electronic mail, facsimile or mail. The Company will also reimburse banks, brokers or other institutions for their expenses incurred in sending proxies and proxy materials to the beneficial owners of shares held by them. The Company will not be making a solicitation through specially engaged employees or paid solicitors.

Delivery of Proxy Materials to Households

Only one copy of this Proxy Statement will be delivered to an address where two or more Shareholders reside unless we have received contrary instructions from a Shareholder residing at such address. A separate Proxy Card will be delivered to each Shareholder at the shared address.

If you are a Shareholder who lives at a shared address and you would like additional copies of the Proxy Statement, or any future annual reports or proxy statements, please contact Investors Relations, uniQure N.V., Paasheuvelweg 25a, 1105BP Amsterdam, the Netherlands, telephone number +1-339-970-7000, email investors@uniQure.com, and we will promptly mail you copies. This Proxy Statement is also available at <http://www.edocumentview.com/QUIRE>. If you are receiving multiple copies of this Proxy Statement at your household and wish to receive only one, please contact Investor Relations at the mailing address, phone number or email address listed above.

Voting Results

The preliminary voting results will be announced at the Extraordinary Meeting. The final results will be disclosed in a Current Report on Form 8-K within four days after the meeting date.

Status as an “emerging growth company”

We are an “emerging growth company” as that term is used in the Jumpstart Our Business Startups (JOBS) Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about our executive compensation arrangements and no non-binding advisory votes on executive compensation. We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of our initial public offering in February 2014, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our ordinary shares that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

AGENDA ITEM I—OPENING AND ANNOUNCEMENTS

The Chairman will open the Extraordinary Meeting and make any announcements.

AGENDA ITEMS II and III VOTING PROPOSALS NO. 1 AND NO. 2— BOARD APPOINTMENTS

The Board is responsible for establishing broad corporate policies and monitoring the overall performance of the Company. It selects the Company’s senior management, delegates authority for the conduct of the Company’s day-to-day operations to those senior managers, and monitors their performance. Members of the Board are kept informed of the Company’s business by, among other things, participating in Board and Committee meetings and by reviewing analyses and reports provided to them.

The Board is currently made up of seven directors. The term of office of two non-executive directors, Philip Astley-Sparke and Will Lewis, is scheduled to expire on the date of the 2018 annual meeting (the “2018 Annual Meeting”); the term of office of one executive director, Matthew Kapusta, is scheduled to expire on the date of the 2019 annual meeting (the “2019 Annual Meeting”); the term of office of three non-executive directors, Jack Kaye, David Schaffer, and Sander van Deventer, is scheduled to expire on the date of the 2020 annual meeting (the “2020 Annual Meeting”); and the term of office of one non-executive director, Paula Soteropoulos, is scheduled to expire on the date of the 2021 annual meeting (the “2021 Annual Meeting”). All directors will hold office for a maximum term of four years, or until their earlier death, resignation, removal or disqualification. Our Articles of Association do not require the terms of the directors be staggered.

Mr. Lewis previously informed the Board that he anticipated that he would not be able to remain on the Board in the long term due to his other business commitments, and that if one or more additional nominees were identified by the Board for election, he would resign before the end of his term. Mr. Lewis has notified the Board that he will resign his position on the Board upon the election of one or both of the nominees at the Extraordinary Meeting.

Dr. Sander van Deventer and Mr. Kapusta have agreed that he can best use his knowledge and experience to contribute to the Company by working as the Company’s chief scientific officer and resigning his position on the Board. The Board unanimously approved these changes, and as of August 7, 2017, Dr. van Deventer was appointed as the Company’s chief scientific officer. Dr. van Deventer has notified the Board that he will resign his position on the Board upon the election of one or both of the nominees at the Extraordinary Meeting.

The Board of Directors recommends a vote “FOR” the election of each of the nominees listed below.

The names and ages as of the Record Date of the individuals who are our nominees for election as non-executive directors are:

<u>Name</u>	<u>Age</u>
Jeremy P. Springhorn, Ph.D.	55
Madhavan Balachandran	66

JEREMY P. SPRINGHORN, PH.D. Dr. Springhorn most recently served as Partner, Corporate Development at Flagship Pioneering from March 2015 until June 2017 where he worked with VentureLabs (in helping companies in various strategic and corporate development capacities and in creating next generation startups) and Flagship’s Corporate Partners. Prior to joining Flagship, Dr. Springhorn was one of the original scientists at Alexion Pharmaceuticals, where he played an integral role in its antibody engineering capabilities and was one of the original inventors of the drug Soliris. At Alexion Pharmaceuticals, Dr. Springhorn was Vice President of Corporate Strategy and Business Development from 2009 until March 2015 and head of global business development and corporate strategy from December 2006 until 2009. In 2006, Dr. Springhorn moved from research to business development, leveraging much of his drug development experience into the review of opportunities for ultra-orphan diseases. Along with building business development for Alexion, Dr. Springhorn also served as Head of Corporate Strategy as Alexion transitioned from a development firm to a global commercial stage company. Prior to 1992, Dr. Springhorn received his Ph.D. from Louisiana State University Medical Center in New Orleans and did his postdoctoral training at the Brigham and Woman’s Hospital in Boston. Dr Springhorn currently serves on the Board of Overseers for Colby College and served as a member of the scientific advisory board to Arradial Inc. as well as on the Greater New Haven Chapter of the Juvenile Diabetes Research Foundation.

The Nominating and Corporate Governance Committee has recommended the appointment of Dr. Springhorn and the committee and Board believe that Dr. Springhorn would make a suitable board member because of his knowledge of the life sciences (including drug development) and of business development.

MADHAVAN BALACHANDRAN. Mr. Balachandran has been a director of Catalent (NYSE: CTLT) since May 2017. Mr. Balachandran was Executive Vice President, Operations of Amgen Inc., a global biotechnology company, from August 2012 until July 2016 and retired as an Executive Vice President in January 2017. Mr. Balachandran joined Amgen in 1997 as Associate Director, Engineering. He became Director, Engineering in 1998, and, from 1999 to 2001, he held the position of Senior Director, Engineering and Operations Services before moving to the position of Vice President, Information Systems from 2001 to 2002. Thereafter, Mr. Balachandran was Vice President, Puerto Rico Operations from May 2002 to February 2007. From February 2007 to October 2007, Mr. Balachandran was Vice President, Site Operations, and from October 2007 to August 2012, he held the position of Senior Vice President, Manufacturing. Prior to his tenure at Amgen, Mr. Balachandran held leadership positions at Copley Pharmaceuticals, now a part of Teva Pharmaceuticals Industries Ltd., and Burroughs Wellcome Company, a predecessor through mergers of GlaxoSmithKline plc. Mr. Balachandran holds a Master of Science degree in Chemical Engineering from The State University of New York at Buffalo and an MBA from East Carolina University.

The Nominating and Corporate Governance Committee has recommended the appointment of Mr. Balachandran and the committee and Board believes that Mr. Balachandran would make a suitable board member because his knowledge of the industry and of the operations of life sciences companies.

Neither Dr. Springhorn nor Mr. Balachandran has previously served as a director or executive officer of the Company.

If elected, the term of office for Dr. Springhorn will expire on the date of the 2020 annual general meeting of shareholders and the term of office for Mr. Balachandran will expire on the date of the 2020 annual general meeting of shareholders.

Based upon information requested from and provided by each nominee for director concerning their background, employment and affiliations, including family relationships, our Board has determined that each of Dr. Springhorn and Mr. Balachandran has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is independent within the meaning of the director independence standards of the Nasdaq rules and the SEC.

If the Extraordinary Meeting approves the appointment of Dr. Springhorn to the Board, the Board plans to appoint him to the Audit Committee and Nominating and Corporate Governance Committee. If the Extraordinary Meetings approves the appointment of Mr. Balachandran to the Board, the Board plans to appoint him to the Compensation Committee.

There are no arrangements or understandings between the nominees, directors or executive officers and any other person pursuant to which our nominees, directors or executive officers have been selected for their respective positions.

The Ordinary Shares held by each of Dr. Springhorn and Mr. Balachandran are included in "*Security Ownership of Certain Beneficial Owners and Management.*"

VOTE REQUIRED

All resolutions shall be adopted by at least a simple majority of the votes cast at the Extraordinary Meeting where more than one third of the issued share capital is represented. Each Ordinary Share confers the right to cast one vote at the Extraordinary Meeting. Blank votes and invalid votes shall be regarded as not having been cast. Each proposed non-executive director appointment is considered a separate voting item under Dutch law.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" EACH OF THESE NOMINEES FOR DIRECTOR.

AGENDA ITEM IV—ANY OTHER BUSINESS

The Extraordinary Meeting will review and discuss any other business properly brought to its attention.

AGENDA ITEM V—CLOSING OF THE MEETING

The Chairman will adjourn the meeting.

CORPORATE GOVERNANCE

Board Leadership Structure and Composition

We have a one-tier board structure under Dutch law. Our Articles of Association provide that the number of members of our Board will be determined by our Board, provided that the Board shall be comprised of at least one executive director and at least two non-executive directors. Our Board currently consists of seven directors, one of whom is an executive director and six of whom are non-executive directors. If the Extraordinary Meeting approves the appointment of Dr. Springhorn and Mr. Balachandran (and assuming the resignation of Mr. Lewis and Dr. van Deventer), the Board will consist of seven directors, one of whom will be an executive director and six of whom will be non-executive directors.

If a director is to be appointed, the non-executive directors make a binding nomination which is approved by the general meeting of shareholders. Under our Articles of Association, a general meeting of shareholders may suspend or dismiss a director by at least a two thirds majority of votes cast, provided that such majority represents more than half the issued share capital. The Board may suspend (but may not dismiss) an executive director. In the event of an absence or inability to act with respect to one or more of the directors, our Articles of Association provide that the non-executive directors shall be authorized to temporarily fill the vacant position for a period up to the first general meeting, or in the case of a director unable to act, up to the moment he is no longer able to act.

Under our Articles of Association and Dutch law, the members of our Board are collectively responsible for our management, general and financial affairs, and policy and strategy. Our executive director is primarily responsible for managing our day-to-day affairs. Our non-executive directors supervise our executive director and our general affairs, and provide general advice to him. In performing their duties, our directors are guided by the interest of our company and, with the boundaries set by relevant Dutch law, must take into account the relevant interests of our stakeholders. In consultation with the Nominating and Corporate Governance Committee, the Board has determined that the current and proposed board structure is appropriate for the Company. Having multiple-year terms for each of our directors provides for stability, continuity and experience among our Board. Further, the Board believes that building a cohesive board of directors is an important goal. In our industry in particular, long-term focus is critical. The time horizon required for successful development of gene therapies makes it vital that we have a board that understands the implications of this process and has the ability to develop and implement long-term strategies while benefiting from an in-depth knowledge of our business and operations. Our current board structure helps to ensure that there will be the continuity and stability of leadership required to navigate a challenging environment while resisting the pressure to focus on short-term results at the expense of the long-term value and success of the Company. Our future success depends in significant part on the ability to attract and retain capable and experienced directors. In this regard, we believe that longer terms for our directors will enhance director independence from both management and shareholder special interest groups.

Under our Articles of Association and consistent with Dutch corporate governance principles, the Board appoints an executive director as chief executive officer and appoints a non-executive director as chairman of the Board. We believe that the separation of these roles serves our shareholders and us well. Philip Astley-Sparke serves as our Chairman. The duties and responsibilities of the Chairman include, among others, determining the agenda and chairing the meetings of the Board, managing our Board to ensure that it operates effectively, ensuring that the members of our Board receive accurate, timely, and clear information, encouraging active engagement by all members of our Board, promoting effective relationships and open communication between non-executive directors and the executive director, and monitoring effective implementation of our Board decisions.

There are no arrangements or understandings between the directors or executive officers and any other person pursuant to which our directors or executive officers have been selected for their respective positions.

Risk Oversight

Generally, the Board and the Company’s management regularly review the Company’s strategic plan which includes, among other things, the various business, clinical, developmental, financial and other market risks confronting, and opportunities available to, the Company at any given time. Specifically, pursuant to the Company’s Corporate Governance Guidelines and Board Rules available on the Company’s website www.uniquire.com, the Board is charged with assessing major risks facing the Company and reviewing options to mitigate such risks. The Board performs this role by using several different levels of review. In connection with its reviews of the operations and corporate functions of the Company, the Board addresses the primary risks associated with those operations and corporate functions. In addition, the Board reviews the risks associated with the Company’s business strategies periodically throughout the year as part of its consideration of undertaking any such business strategies.

The Board has delegated certain risk oversight responsibilities to its committees (the “Committees”). Each of our Board’s Committees also oversees the management of the Company’s risk that falls within each Committee’s areas of responsibility. In performing this function, each Committee has full access to management, as well as the ability to engage advisors. For example, the Audit Committee is required to regularly review and discuss with management the Company’s major financial risk exposures and the steps management has taken to monitor and control such exposures. The Nominating and Corporate Governance Committee is required to regularly review the corporate governance principles of the Company and recommend to the Board any proposed changes it may deem appropriate. The Compensation Committee considers risks related to the attraction and retention of professional talent and the implementation and administration of compensation and benefit plans affecting the Company’s employees. All Committees are required, pursuant to their respective charters, to report regularly to the Board. The activities of the Audit, Nominating and Corporate Governance and Compensation Committees are more fully described below.

Board Determination of Director Independence

Our securities are listed on the NASDAQ Global Market and we use the standards of “independence” prescribed by rules set forth by Nasdaq. Under Nasdaq rules, a majority of a listed company’s board of directors must be comprised of independent directors. In addition, Nasdaq rules require that, subject to specified exceptions, each member of a listed company’s audit committee and compensation committee be independent and, in the case of audit committees, satisfy additional independence criteria set forth in Rule 10A-3, under the Securities Exchange Act of 1934, as amended, (the “Exchange Act”). Under Nasdaq rules, a director will only qualify as an “independent director” if, in the opinion of that company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Based upon information requested from and provided by each director concerning their background, employment and affiliations, including family relationships, our Board has determined that each of Jack Kaye, Will Lewis, Paula Soteropoulos, Dr. Jeremy Springhorn and Madhavan Balachandran has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is independent within the meaning of the director independence standards of the Nasdaq rules and the SEC. Our Board has determined that each of Matthew Kapusta, Dr. Sander van Deventer, David Schaffer and Philip Astley-Sparke do not qualify as “independent” under the Nasdaq rules. Our Board has also determined that each of the current members of our Audit Committee and our Compensation Committee satisfies the independence standards for such committee established by Rule 10A-3 under the Exchange Act, the SEC rules and the Nasdaq rules, as applicable, and that the current members of the Nominating and Corporate Governance Committee are also independent. In making these determinations, the directors

reviewed and discussed information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and the Company's management.

Board Meetings

The Board met 6 times during the calendar year ended December 31, 2016. Other than Joseph Feczko, who is no longer a director, each of the directors attended at least 75% of the meetings of the Board and the Committees on which he or she served during the year ended December 31, 2016 (in each case, which was held during the period for which he or she was a director and/or a member of the applicable Committee). Ferdinand Verdonck, the chairman at the time, and Dr. van Deventer attended our 2016 annual meeting of shareholders held on June 15, 2016. The Company encourages its directors to attend the annual meeting of Shareholders. Executive sessions, or meetings of the independent directors without management present, are held regularly.

Committees and Committee Meetings

The Board has a standing Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee, each of which is comprised solely of independent directors, and is described more fully below. The members of each Committee are appointed by our Board. From time to time, the Board may establish other committees. Below is a description of the three principal Committees.

Audit Committee and Audit Committee Financial Expert

The Audit Committee is comprised of Jack Kaye, Paula Soteropoulos and Philip Astley-Sparke. Jack Kaye serves as chair of the Audit Committee and is the Audit Committee's "audit committee financial expert" within the meaning of the SEC's rules and regulations. In the event of their successful elections at the Extraordinary Meeting, the Board anticipates that Dr. Springhorn will be appointed to the Audit Committee and that Ms. Soteropoulos will resign. Each of Jack Kaye, Paula Soteropoulos and Dr. Springhorn satisfies the director independence standards and the independence standards for members of the Audit Committee established by SEC and Nasdaq. Mr. Astley-Sparke meets the criteria for appointment to the Audit Committee pursuant to the "exceptional and limited circumstances" set out in Nasdaq listing rule 5605(c)(2)(B). Pursuant to such exception, a director who (i) is not an "independent director" as defined by Nasdaq rules, (ii) meets the criteria set forth in Section 10A(m)(3) of the Exchange Act and the rules thereunder, and (iii) is not currently an executive officer or employee or a family member of an executive officer, may be appointed to a company's audit committee, if a company's board, under exceptional and limited circumstances, determines that the membership on the audit committee by such individual is required by the best interests of the Company and its shareholders.

As noted above, our Board determined that Philip Astley-Sparke does not currently qualify as "independent" under Nasdaq rules, because he served as President of uniQure, Inc., our US subsidiary, from January 2013 until February 2015. Our Board determined that it was in the best interests of the Company and its shareholders to appoint Mr. Astley-Sparke to the Audit Committee following the 2017 Annual General Meeting of Shareholders. Mr. Astley-Sparke was responsible for building our Company's U.S. infrastructure and has had in-depth experience with several biotechnology companies, and therefore has a deep understanding of our Company and our industry. In addition, Mr. Astley-Sparke's experience as an investment banker and chartered accountant has given him a high degree of financial sophistication and understanding of financial statements, which make him a valuable member of the Audit Committee. Our Board reviewed Mr. Astley-Sparke's business relationship with the Company that disqualifies him as "independent" under the Nasdaq Rules and concluded that this relationship did not impair his ability to fulfill his responsibilities as a member of the Audit Committee. In accordance with Rule 5605(c)(2)(B), Mr. Astley-Sparke has not served on the Audit Committee for more than two years and has not chaired the Audit Committee.

As noted above, the Audit Committee is governed by the Audit Committee Charter. A copy of this Charter is available on our website at www.uniquire.com under "Investors & Newsroom — Audit Committee Charter." In addition to the risk oversight responsibilities discussed above, the Audit Committee's other responsibilities include recommending the selection of our independent registered public accounting firm; reviewing with the Company's independent registered public accounting firm the procedures for and results of their audits; reviewing with the independent accountants and management our financial reporting, internal controls and internal audit procedures; reviewing and approving related party transactions; and reviewing matters relating to the relationship between the Company and our independent registered public accounting firm, including the selection of and engagement fee for our independent registered public accounting firm, and assessing the independence of the independent registered public accounting firm. The Audit Committee has the authority to engage independent legal, accounting and other advisers, as it determines necessary to carry out its duties.

The Audit Committee met 6 times during 2016.

Compensation Committee

The Compensation Committee is comprised of Jack Kaye, who serves as chair and Paula Soteropoulos. Sander van Deventer served as a member of the committee and was chair prior to his appointment as chief scientific officer in August 2017. In the event of his successful election at the Extraordinary Meeting, the Board anticipates that Mr. Balachandran will be appointed to the Compensation Committee. Each of Mr. Kaye, Ms. Soteropoulos and Mr. Balachandran satisfies the director independence standards and the independence standards for members of the Compensation Committee established by SEC and Nasdaq. The Compensation Committee is governed by the Compensation Committee Charter. A copy of this Charter is available on our website at www.uniquire.com under “Investors & Newsroom — Compensation Committee Charter.” In addition to the risk oversight responsibilities discussed above, the Compensation Committee’s other responsibilities include reviewing and approving or recommending to the Board for approval, as appropriate, the compensation of our executive officers following consideration of corporate goals and objectives relevant to such executive officers; overseeing the evaluation of the Company’s senior executives; reviewing and making recommendations to the Board regarding incentive compensation and equity-based plans; and administering our stock option plans. Without further action from the Board, the Compensation Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation and is empowered to pay compensation to such consultants and other outside advisors.

The Compensation Committee retained Willis Towers Watson to act as a compensation consultant during the year ended December 31, 2016. The compensation consultant provided assistance in designing and reviewing our management and director compensation programs. Willis Towers Watson’s engagement included reviewing base salaries, equity incentives and other compensation for directors and senior management, including against a peer group of companies. In making decisions regarding the form and amount of compensation to be paid to directors and senior management, the Compensation Committee considered the information gathered by and recommendations of Willis Towers Watson. The Compensation Committee has assessed the independence of Willis Towers Watson pursuant to SEC rules and Nasdaq listing rules and concluded that the work of Willis Towers Watson did not raise any conflicts of interest.

The Compensation Committee met 6 times during 2016.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is comprised of Sander van Deventer and Paula Soteropoulos. Dr. van Deventer serves as chair of the Compensation Committee. In the event of his successful elections at the Extraordinary Meeting, the Board anticipates that Dr. Springhorn will be appointed to the Nominating and Corporate Governance Committee and will be appointed chair of the committee. As of August 7, 2017, Dr. van Deventer joined the Company’s management team as its chief scientific officer. He has notified the Board that he will resign his position on the Board upon the election of one or both of the nominees at the Extraordinary Meeting. Each of Ms. Soteropoulos and Dr. Springhorn satisfies the independence standards established by SEC and Nasdaq. The Nominating and Corporate Governance Committee is governed by the Nominating and Corporate Governance Committee Charter. A copy of this Charter is available on our website at www.uniquire.com under “Investors & Newsroom— Nominating and Corporate Governance Committee Charter.” In addition to the risk oversight responsibilities discussed above, the Nominating and Corporate Governance Committee’s other responsibilities include identifying individuals qualified to become Board members and to recommend to the Board the nominees for director at annual general meetings of Shareholders; recommending to the Board nominees for each Committee; developing and recommending to the Board corporate governance principles applicable to the Company; and leading the Board in its annual review of the Board’s performance.

The Nominating and Corporate Governance Committee met 3 times during 2016.

Polices Governing Director Nominations

Director Nomination Process

Our Board is responsible for selecting its own members. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board, and of management, will be requested to take part in the process as appropriate. The Nominating and Corporate Governance Committee makes recommendations to the Board regarding the size and composition of the Board. The Nominating and Corporate Governance Committee is responsible for ensuring that the composition of the Board accurately reflects the needs of the Company’s business and, in furtherance of this goal, for proposing the addition of members and the necessary resignation of members for purposes of obtaining the appropriate members and skills. The Nominating and Corporate Governance Committee recommends, and the Board nominates, candidates to stand for election as directors.

Generally, our Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of other advisors, through the recommendations submitted by shareholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Candidates recommended by shareholders and other stakeholders are given appropriate consideration in the same manner as other candidates. Once candidates have been identified, our Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, detailed questionnaires, background checks or any other means that the Nominating and Corporate Governance Committee deems to be appropriate in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualifications and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates as director nominees for election to the Board for the Board's approval.

With respect to Dr. Springhorn and Mr. Balachandran were identified as candidates for positions on the Board by the members of the Nominating and Corporate Governance Committee, with the assistance of Mr. Astley-Sparke.

Qualifications

The Nominating and Corporate Governance Committee may receive from shareholders and others recommendations for nominees for election to the Board and recommend to the Board candidates for Board membership for consideration by the shareholders at the annual meeting of shareholders. In recommending candidates to the Board, the Nominating and Corporate Governance Committee takes into consideration the Board's criteria for selecting new directors, including, but not limited to, integrity, past achievements, judgment, intelligence, relevant experience and the ability of the candidate to devote adequate time to Board duties. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is a prerequisite for any Board candidate. We do however consider diversity in reviewing director candidates and do not discriminate on the basis of race, religion, sexual orientation, sex or national origin. Under Dutch law, as a company with fewer than 30% of the directors being women, we are required to disclose the rationale behind our failure to have a specified diversity percentage for the Board and our efforts to obtain such diversity and have done so in our Dutch statutory annual report for 2016, which is available on our website. In order for the Board to fulfill its responsibilities, our Nominating and Corporate Governance Committee believes that the Board should include directors possessing a blend of experience, knowledge and ability, regardless of other characteristics.

Family Relationships

There are no family relationships among any of our directors, nominees for directors, or executive officers.

Compensation Committee Interlocks and Insider Participation

None of our executive officers currently serve, or have served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Code of Business Conduct and Ethics and Corporate Governance Guidelines and Board Rules

We have adopted a code of business conduct and ethics that is applicable to all of our employees, officers, and directors, including our chief executive officer and chief financial officer. The code of business conduct and ethics and corporate governance guidelines and board rules are available on our website at www.uniquire.com. We have also adopted corporate governance guidelines and board rules which are applicable to the company's management.

In addition to the Listing Rules of the NASDAQ Global Select Stock Market and rules and regulations as promulgated by the SEC, as a Dutch company, our governance practices are governed by the Dutch Corporate Governance Code. The Dutch Corporate Governance Code (as amended) contains a number of principles and best practices, with an emphasis on integrity, transparency, and accountability as the primary means of achieving good governance.

There is considerable overlap between the requirements we must meet under U.S. rules and regulations and the provisions of the Dutch Corporate Governance Code. Although we apply several provisions of the Dutch Corporate Governance Code, as a "domestic" issuer, we comply with the Nasdaq corporate governance requirements.

In accordance with the Dutch Corporate Governance Code's compliance principle of "comply-or-explain," which permits Dutch companies to be fully compliant with the Dutch Corporate Governance Code by either applying the Dutch practices or explaining why

the company has chosen to apply different practices, we disclose in our Dutch statutory annual report that accompanies our Dutch statutory annual accounts to what extent we do not apply provisions of the Dutch Corporate Governance Code, together with the reasons for those deviations. Our Dutch statutory annual report may be found on the “Investors & Newsroom — Events and Presentations” section of our website at <http://www.uniqure.com/investors-newsroom/events-presentations.php>.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own more than ten percent of our Ordinary Shares to file reports of their beneficial ownership and changes in ownership (Forms 3, 4 and 5, and any amendment thereto) with the SEC. Executive officers, directors, and greater-than-ten-percent holders are required to furnish us with copies of all Section 16(a) forms they file. We were a foreign private issuer until January 1, 2017 and therefore our executive officers, directors and persons who beneficially own more than ten percent of our Ordinary Shares were not required to file reports of their beneficial ownership or changes in beneficial ownership prior to January 1, 2017.

Based solely upon a review of the Forms 3, 4, and 5, as applicable, furnished to us since we ceased to be a foreign private issuer on January 1, 2017, we have determined that our executive officers, directors, and greater-than-ten-percent beneficial owners filed their beneficial ownership and change in ownership reports with the SEC in a timely manner, except as listed below.

CERTAIN RELATIONSHIPS AND RELATED PERSONS TRANSACTIONS

Pre-Approval Policy Regarding Related Party Transactions

The Board has adopted a related party transactions policy, pursuant to which the chief financial officer and the Audit Committee is charged with reviewing and approving or disapproving related party transactions. A “Related Party Transaction” under the policy means any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) where the amount involved or proposed to be involved exceeds \$120,000 (or its equivalent in any currency), in which the Company or any of its controlled subsidiaries was, is or will be a participant (i.e., not necessarily a party) and in which any Related Party had, has or will have a direct or indirect material interest. The “Related Party Transactions Policy” supplements the provisions in the Company’s Code of Business Conduct and Ethics concerning potential conflict of interest situations. Pursuant to the policy, compensation of directors and senior management are reviewed and approved by the Compensation Committee.

This written policy covers transactions or series of transactions in which the Company or any subsidiary participates and a “Related Party” has or will have a direct or indirect material interest. For purposes of this policy, a “Related Party” is:

- Each director and executive officer of the Company and any person who was serving as a director and/or executive officer at any time since the beginning of the Company’s last fiscal year;
- Any nominee for election as a director of the Company;
- Any security holder who, at the time of the occurrence of the transaction, owned beneficially or of record more than 5% of any class of the Company’s voting securities;

- Any immediate family member of any of the foregoing persons. An “immediate family member” includes the spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and any person (other than a tenant or employee) sharing the household of a director, executive officer, director nominee or greater than 5% security holder of the Company; and
- Any entity that employs any person identified in the above or in which any person identified in the above directly or indirectly owns or has a material interest.

Pursuant to the Related Party Transactions Policy, each Company executive officer, director or nominee for director or any other officer or employee who intends to cause the Company to enter into a related party transaction must fully disclose to the chief financial officer all material facts concerning a prospective transaction or arrangement involving the Company in which such person may have an interest. The chief financial officer will review the information and make a preliminary, written conclusion as to whether the transaction is a related party transaction. If the preliminary conclusion is that the transaction would be a related party transaction, the chief financial officer will present the information and his conclusion to the Audit Committee for review. If a member of the Audit Committee is involved in the transaction, that member will not participate in determining whether the related party transaction is approved or ratified by the Audit Committee. Annually, the Audit Committee will review any previously approved or ratified related party transactions that are continuing and determine based on then-existing facts and circumstances.

Before any related person transaction is approved, the following factors are to be considered:

- the Related Party’s interest in the transaction;
- the approximate value of the aggregate amount involved in the transaction;
- the approximate value of the amount of the Related Party’s interest in the transaction;
- a summary of the material terms of and facts relating to the transaction, including any documentation or proposed documentation for the transaction, and identification of the area(s) of the Company’s business directly relevant to the transaction;
- where the transaction involves the purchase or sale of products, property or services, the availability of comparable products, property or services from or to (as applicable) unrelated third-party sources;
- whether the transaction was undertaken in the ordinary course of business of the Company;
- an assessment of whether the transaction’s terms are comparable to terms available from or to (as applicable) unrelated third parties in an arms-length transaction;
- the purpose of, and the potential benefits to the Company of the transaction; and
- any other information regarding the transaction or the Related Party in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

Approval of a transaction under the policy will be granted only if it is determined that, under all of the circumstances, the transaction is in, or not inconsistent with, the best interests of the Company.

Review of Related Party Transactions

Since January 1, 2016, we have engaged in the following transactions with the members of our Board, senior management, parties that held more than 5% of our Ordinary Shares during that period, and their affiliates, which we refer to as our related parties. Each of these transactions was approved in accordance with our Related Transactions Policy.

Grants of Options to Related Parties

We grant options to members of the Board and senior management. Details of options granted are included within the beneficial ownership table below.

4D Molecular Therapeutics Collaboration

In January 2014, we entered into a collaboration and license agreement with 4D Molecular Therapeutics. 4D Molecular Therapeutics is a company co-founded by Dr. David Schaffer, who was appointed to our Board in January 2014 pursuant to the terms of that collaboration. In connection with this transaction, we agreed to provide specified research and development financing, are obligated to make certain upfront, royalty and milestone payments, and granted an option to purchase up to 609,744 Ordinary Shares at an exercise price of €0.05 per share. At October 1, 2014, 25% of the options vested (expiring at December 28, 2014), 50% of the options vested at January 31, 2015 (expiring on December 28, 2015) and the remainder vested on January 31, 2016 (expiring on December 28, 2016).

BMS

In April 2015, we and Bristol Myers Squibb (“BMS”) entered into various commercial and investment agreements providing BMS exclusive access to uniQure’s gene therapy technology platform for multiple targets in cardiovascular and other target-specific disease areas. We received \$50 million in upfront payments upon effectiveness of the licensing and collaboration transaction in May 2015. An additional \$15 million payment was received in July 2015 upon designation of three additional collaboration targets by BMS. In addition, pursuant to the collaboration agreements, in June 2015, BMS purchased 1,112,319 of our Ordinary Shares for aggregate consideration of \$37.6 million. Immediately after the issuance, BMS owned 4.9% of our outstanding Ordinary Shares. In August 2015, we issued an additional 1,275,789 of our Ordinary Shares to BMS for aggregate consideration of \$37.9 million. Immediately after the issuance, BMS owned 9.9% of our outstanding Ordinary Shares. We recognized \$3.9 million in license revenue from BMS for the year ended December 31, 2016 (2015: \$2.4 million).

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Based on information publicly filed and provided to us by certain holders, the following table shows the number of our Ordinary Shares beneficially owned as of July 1, 2017, by (i) each person known by us to beneficially own more than five percent of our voting securities, (ii) each named executive officer, (iii) each of our directors, (iv) each of our director nominees, and (v) all of our current named executive officers and directors as a group. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, Ordinary Shares that could be issued upon the exercise of outstanding equity awards and warrants held by that person that are currently exercisable or exercisable within 60 of July 1, 2017 days are considered outstanding. As of July 1, 2017, we had 25,620,073 Ordinary Shares outstanding. Unless otherwise stated in a footnote, each of the beneficial owners listed below has direct ownership of and sole voting power and investment power with respect to our Ordinary Shares.

Objectives of the Company's Executive Compensation Programs

As determined by the Compensation Committee, the Company's compensation programs for its senior management is designed to achieve the following objectives:

- motivate our senior management to achieve the Company's annual and long-term corporate objectives and strategies;
- provide compensation opportunities that are competitive with similarly sized biotechnology companies;
- align executive interests with those of our Shareholders; and
- attract and retain talented executives.

Elements of Executive Compensation

At the 2016 Annual General Meeting, the annual meeting of Shareholders adopted a remuneration policy (the "Remuneration Policy"), which structures the compensation granted to our senior managers. The Company's current executive compensation package for senior management focuses on a fixed base salary, short-term incentives (cash bonus), long-term incentives (equity awards), pension benefits and other benefits. Senior managers are also eligible to receive severance payments under certain circumstances, as further described below. We utilize base salary to incentivize company and individual performance in relation to competitive market conditions. Short-term incentives are tied to the achievement of pre-determined performance criteria. Our long-term incentives consist of annual and periodic equity awards linked to continued employment and, at the Board's discretion, the achievement of certain performance targets. Severance and change in control benefits are used to help ensure we retain our executive talent.

The Compensation Committee determines, in its sole discretion, the appropriate components of senior management's compensation package. As described in the section of the Proxy titled "Compensation Committee", the Compensation Committee retained Willis Towers Watson to act as compensation consultant during the year ended December 31, 2016. Our senior managers' overall compensation may increase or decrease year-to-year based upon, among other things, his or her annual performance or changes in his or her responsibilities.

Base Salary

As described below, our senior managers receive a base salary, the terms of which are subject to each of their individual employment agreements. Adjustments to base salary may be based upon a number of factors, pursuant to the Company's standard practices, including seniority, scope of responsibilities, individual performance, contributions to the Company and the Company's overall financial and stock price performance. The Compensation Committee annually reviews each senior manager's base salary and may adjust such senior manager's base salary after considering his or her responsibilities, performance and contributions to the Company and the Company's performance.

Short-Term Incentives (Annual Cash Bonus)

The Company's short-term incentives to senior managers consist of discretionary annual cash bonuses. The annual cash bonus for senior managers is linked to the achievement of pre-determined performance targets approved by the Board. The award of any bonuses shall be subject to the approval of the Board in its discretion.

Long-Term Incentives (Equity Awards)

The Company's 2014 Restated Plan provides that the Board may grant equity awards to senior managers. These grants include annual and periodic equity awards linked to continued employment and, at the Board's discretion, the achievement of certain performance targets. Such grants as they apply to our named executive officers are fully described below. Pursuant to the 2014 Restated Plan, senior managers may be granted options, restricted share units or performance share units (PSUs). PSU grants are linked to specific performance criteria as determined by the Board and will be earned based on the actual achievement of this specific criteria during the performance period, typically one year following the date of grant (known as the performance period), as determined by the Board. The vesting period applicable to the PSUs will be set by the Board at the time of grant and is typically three years following the date of the grant. Upon vesting of the PSUs, shares are automatically granted to the grantee.

Employment Agreements

Matthew Kapusta

Prior to becoming our chief executive officer, Mr. Kapusta served as our chief financial officer. On December 9, 2014, the Company entered into an employment agreement with Mr. Kapusta for the role of chief financial officer (the “Kapusta CFO Agreement”). On March 14, 2017, the Company entered into an amendment to the Kapusta CFO Agreement in connection with his new role as chief executive officer (the “Kapusta Agreement Amendment”, the Kapusta CFO Agreement as amended by the Kapusta Amendment Agreement being the “Kapusta Employment Agreement”). The Kapusta Employment Agreement provides that Mr. Kapusta will earn a base salary equal to \$450,000 per year, plus reimbursement of expenses incurred on the Company’s behalf. Mr. Kapusta is also eligible for an annual performance bonus with a target for 2017 of 50% of his base salary and a grant of restricted share units as further described in the Kapusta Employment Agreement. The termination provisions of the Kapusta Employment Agreements are further discussed below. The term of the Kapusta Employment Agreement is through December 31, 2018. A copy of the Kapusta CFO Agreement was filed as Exhibit 10.6 to the Company’s Annual Report on Form 10-K as filed with the SEC on March 15, 2017. A copy of the Kapusta Agreement Amendment was filed as Exhibit 10.7 to the Company’s Annual Report on Form 10-K as filed with the SEC on March 15, 2017. The foregoing descriptions of the Kapusta Employment Agreement do not purport to be complete and are qualified in their entirety by reference to the full text of such agreement.

Daniel Soland

On December 17, 2015, the Company entered into an employment agreement with Mr. Soland for the role of chief executive officer (the “Soland Employment Agreement”). In September 2016, Mr. Soland resigned from his role as chief executive officer. In connection with his resignation, he executed an acknowledgement and release of claims (the “Soland Release”) which stated he resigned without Good Reason (as defined below) and that he was entitled to no severance or other benefit other than Accrued Benefits (as defined below), to which the Company was entitled to a right of offset. He also released us from all claims related to the termination of his employment.

The Soland Employment Agreement provided that Mr. Soland was to earn a base salary equal to \$500,000 per year (to be reviewed annually by the Board for readjustment), plus reimbursement of expenses incurred on the Company’s behalf. Mr. Soland was also entitled to an annual performance bonus with a target of 50% of his base salary. The termination provisions of the Soland Employment Agreement are further discussed below.

Charles Richard

On June 24, 2015, the Company entered into an employment agreement with Dr. Richard for the role of senior vice president, neuroscience research and development (the “Richard Employment Agreement”). As of December 31, 2016, Dr. Richard’s employment with the Company ended. In connection with the end of his employment, he entered into a separation agreement with the Company (the “Richard Separation Agreement”) which provided for certain compensation related to his separation from employment as described below. He also released us from all claims related to the termination of his employment.

The Richard Employment Agreement provides that Dr. Richard was to earn a base salary equal to \$326,500 per year (to be reviewed annually by the Company’s chief executive officer for readjustment), plus reimbursement of expenses incurred on the Company’s behalf. Dr. Richard was also entitled to a discretionary bonus with a target of 35% of his base salary. The termination provisions of the Richard Employment Agreement were superseded by the Richard Separation Agreement, which is further discussed below.

Dr. Richard is considered one of our named executive officers because of the compensation received in connection with the Richard Separation Agreement.

Deya Corzo

On August 1, 2015, the Company entered into an employment agreement with Dr. Corzo for the role of senior vice president, liver/metabolic therapeutics leader (the “Corzo Employment Agreement”). As of December 31, 2016, Dr. Corzo’s employment with the Company ended. In connection with the end of her employment, she entered into a separation agreement with the Company (the “Corzo Separation Agreement”) which provided for certain compensation related to her separation from employment as described below. The Corzo Employment Agreement provides that Dr. Corzo was to earn a base salary equal to \$342,825 per year (to be reviewed annually by the Company’s chief executive officer for readjustment), plus reimbursement of expenses incurred on the Company’s

benefit. Dr. Corzo was also entitled to a discretionary bonus with a target of 35% of her base salary. The termination provisions of the Corzo Employment Agreement were superseded by the Corzo Separation Agreement, which is further discussed below.

Dr. Corzo is considered one of our named executive officers because of the compensation received in connection with the Corzo Separation Agreement.

Other Executive Compensation Policies

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”), generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our named executive officers whose compensation is required to be disclosed to our Shareholders under the Exchange Act. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. The Company seeks to structure the performance-based portion of any executive compensation package to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to the Company. However, the Compensation Committee may recommend to the Board compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

“Nonqualified deferred compensation” is required by Section 409A of the Internal Revenue Code to be paid under plans or arrangements that satisfy certain statutory requirements regarding timing of deferral elections, timing of payments and certain other matters. Employees and service providers who receive compensation that fails to satisfy these requirements may be subject to accelerated income tax liabilities, a 20% excise tax, penalties and interest on their compensation under such plans. The Company seeks to design and administer our compensation and benefits plans and arrangements for all of our employees and service providers, including our named executive officers, to keep them either exempt from or in compliance with the requirements of Section 409A.

Sections 280G and 4999 of the Internal Revenue Code impose certain adverse tax consequences on compensation treated as excess parachute payments. An executive is treated as having received excess parachute payments if such executive receives compensatory payments or benefits that are contingent on a change in control, and the aggregate amount of such payments and benefits equal or exceeds three times the executive’s base salary amount. The portion of the payments and benefits in excess of one times base salary amount are treated as excess parachute payments and are subject to a 20% excise tax, in addition to any applicable federal income and employment taxes.

Deferred Compensation and Retirement Plans

The Company operates a qualified 401(k) Plan for all employees at its Lexington facility in the USA. The uniQure, Inc. 401(k) Plan is an employee contribution plan only, and there are no employer contributions currently being made. The uniQure Inc. 401(k) Plan offers both a before tax and after tax (Roth) component, which are subject to IRS statutory limits for each calendar year.

The Company operates a defined contribution pension plan for all employees at its Amsterdam facility in the Netherlands, which is funded by the Group through payments to an insurance company.

Equity Incentive Plan

The 2014 Restated Plan enables the Board to grant options, Restricted Stock Units (RSUs) and PSUs. The purpose of the 2014 Restated Plan is to advance the interests of the Company’s shareholders by enhancing the Company’s ability to attract, retain and motivate persons who are expected to make important contributions to the group and by providing such persons with equity ownership opportunities and performance-based incentives that are intended to better align the interests of such persons with those of the Company’s shareholders.

The terms of the PSUs are further discussed above. For both RSUs and PSUs, the shares are automatically issued to the grantee upon the vesting of the award.

Under the Restated 2014 Plan, the maximum number of Ordinary Shares available is currently limited to 5,601,471. As of July 1, 2017, 1,575,764 Ordinary Shares remained available for grant under the Restated 2014 Plan.

Role of Executive Officers in Determining Executive Compensation

The Compensation Committee and Board approve all compensation decisions related to our named executive officers. Such decisions by the Compensation Committee regarding compensation were made independently from our named executive officers.

Stock Ownership Requirements and Hedging Policies

Currently, the Company does not have any formal stock ownership requirements or any specific hedging policies related to stock ownership.

Risk Considerations

The Compensation Committee annually evaluates whether there are potential risks arising from the Company's compensation policies and practices. Based on such evaluation, the Compensation Committee believes that the Company's compensation policies and practices do not encourage executives to take excessive risks because the various elements of the Company's executive compensation policies and practices diversify the risks associated with any single element of the executive's compensation. Instead, the elements of the Company's executive compensation policy are, collectively, designed to achieve the Company's annual and long-term corporate objectives and strategies.

REPORT OF THE AUDIT COMMITTEE

The report of the Audit Committee is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, both as amended.

The Audit Committee of our Board is responsible for assisting the Board in fulfilling its oversight responsibilities regarding the Company's financial accounting and reporting processes, system of internal control, audit process, and process for monitoring compliance with laws and regulations.

Management of the Company has the primary responsibility for preparing the Company's consolidated financial statements as well as establishing and maintaining the integrity of the Company's financial reporting process, accounting principles and internal controls. PricewaterhouseCoopers Accounts N.V., the Company's independent registered public accounting firm, is responsible for performing an audit of the Company's consolidated financial statements and expressing an opinion as to the conformity of such financial statements with U.S. generally accepted accounting principles.

In this context, the Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the year ended December 31, 2016 with the Company's management and PricewaterhouseCoopers Accounts N.V. To ensure independence, the Audit Committee met separately with PricewaterhouseCoopers Accounts N.V. and members of the Company's management. These reviews included discussion with the independent registered public accounting firm of matters required to be discussed pursuant to Auditing Standard No. 1301, "Communications with Audit Committees," issued by the Public Company Accounting Oversight Board ("PCAOB"). In addition, the Audit Committee received the written disclosures and the letter from the independent registered public accounting firm required by Rule 3526 of the PCAOB requiring independent registered public accounting firms to annually disclose in writing all relationships that, in their professional opinion may reasonably be thought to bear on independence, to confirm their perceived independence and to engage in a discussion of independence, and it has discussed with PricewaterhouseCoopers Accounts N.V. its independence from the Company.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, for filing with the Securities and Exchange Commission.
